Circular Letter # 29.

May 27, 1935

SUBJECT: Student Teachers for CCC Camps.

TO : Commanding Officers and Camp Educational Advisers of
Florida CCC Camps.

FROM : P. G. Reynolds, State Educational Adviser, Florida CCC.

1. The project for student teachers for Florida CCC camps has been approved, and will be carried on very much upon the same plan and order as last year. Note that these men are furnished by the Florida Emergency Relief Administration at no expense whatsoever to the Civilian Conservation Corps. Your only obligation being to furnish the student with quarters.

2. Attention is invited to paragraph 1, of the Florida Adviser # L, dated May 24, 1935, where you will find a more complete explanation of this project.

3. Only fifteen teachers are available; consequently, eight camps will be doing without this aid. They will be distributed to the camps sending in the first requests. Also bear in mind that no teacher will be sent to a camp unless a written request signed by both the Company Commander and Educational Adviser has been received in this office by June 3, 1935. Also specify in your request as to the type of work you expect to put this man on; i. e., recreational or educational.

4. The teachers are expected to go on about the first of July. Notice will be given later as to the exact date.
